The company **Aquasanita** is one of the most well-known producers of granite sinks on the market. More than 80% of its products are exported to over 30 countries around the world. Aquasanita sinks meet the most demanding requirements for processing and quality of workmanship. Currently, Aquasanita is giving its sinks a new name **HELIKA**. With the idea of **living life at a slower pace** in harmony with nature. Therefore Helika, translated as snail. Helika products are designed to support a slower lifestyle and create a warm, caring atmosphere in kitchens.

Kitchen sink **Aquasanita Helika Delicia 650.1** - granite sink with undermount installation. The sink is rectangular in shape. The model has two basins, making the sink highly functional.

The depth of the bowl prevents water droplets from splashing out of the sink onto the surface of the countertop. In the main basin of the sink, you can comfortably wash large pots or baking sheets. In the smaller basin, you can thaw meat or rinse fruits and vegetables, for example. The depth of the main sink compartment is 20 cm, and the depth of the smaller basin is 18 cm.

The **Delicia 650.1** sink will catch your eye at first glance with its atypical square-shaped drainer. It serves as both a drainer and a plug.

The advantage of undermount sink installation is that no edges are created around the sink. Therefore, no grease or other impurities are trapped anywhere. Undermount sinks are characterized by elegance and a luxurious appearance.

The Aquasanita sinks are made of a very high-quality granite material **SILISCANA**, which is a third-generation granite known for its strength and durability. The sink is treated with an antibacterial treatment **IONPURE**, which works on the principle of silver ions.

## Key features of the AQUASANITA HELIKA DELICIA 650.1 kitchen sink

- spacious granite sink with a second smaller basin
- Delicia 650.1 has an extended warranty of 5 years.
- The advantage is the color variability and the possibility to match it with the rest of the kitchen.
- simple minimalist style
- practical, spacious, with a sufficiently deep 20 cm sink basin
- square grid that serves as a plug and mesh
- The sink is designed for top or bottom mounting.
- suitable for cabinets from 80 cm
- made of high-quality materials

**Note:** Colors may slightly differ in reality compared to the photographs, as granite contains natural fillers and pigments.

*Final tip : descale using a one-to-three solution of vinegar. Apply the solution to the surface of the sink, leave for a few minutes and remove with a sponge. A more fragrant way is to rub limescale with a cut lemon.*
