The German company **Villeroy & Boch** exclusively manufactures the modular double sink **Berlioz 900.2** for the French brand **Luisina Chambord**. The sink is a perfect addition to a kitchen in a modern style. It will also fit well in an interior decorated in English "shabby chic", rustic or Provencal style. Do you love tradition and country style? Then the Chambord Berlioz 900.2 sink is the right choice for you! Bring a piece of the countryside home with its rustic look. Modern design with a subtle hint of the past.

The depth of the sink is 17.7 cm, which is sufficiently comfortable for washing most dishes. **Two sinks** in the sink unit are very versatile. A separate module for a cabinet with a minimum width of 90 cm is complemented by a back panel for mounting the faucet and kitchen accessories, such as a soap dispenser or an air switch for the garbage disposer. We will drill these holes for you in the sink free of charge upon request.

The advantage of ceramics is its easy maintenance, simply wipe it. Due to its non-porous material, no dirt accumulates on the surface, so even after years of use it remains like new.

Key features of the CHAMBORD BERLIOZ 900.2 kitchen sink

- white ceramic sink with an extended back panel
- Berlioz 900.2 comes with an extended 5-year warranty.
- The Chambord logo is located on the front panel of the sink in the right corner.
- optimal choice of sink for a Provence style kitchen
- ideal depth of the basin (17.7 cm), practical two basins of the sink
- The ceramic sink is exceptionally resistant to scratching, abrasion, and high temperatures.

- the sink is intended for modular installation
- suitable for cabinets from 90 cm
- drilling holes for the recessed dispenser or for the free garbage disposal button

Ceramic sink is fired in ovens and glaze is applied by hand, making each piece unique. It is necessary to consider a tolerance of +/- 1-1.5 cm in size. We recommend having the sink physically with you to realize the kitchen layout.

Note: *The eccentric outlet control is not part of the sink, the images are for illustrative purposes only.*
