

EcoMaster zátka EVO3 / AMC

Pro vsazení do hrdla nad manžetu

EAN: 8596220005052

495 Kč

409 Kč bez DPH

Dual-position special plug with a protective mesh function. It creates a functional unit that greatly enhances the use of the sink for everyday purposes. The plug is only pulled out during grinding, while the rest of the time it prevents unwanted items such as spoons, rubber bands, plastic bags, etc. from falling in.

PRINCIPAL

The complete mechanism of the plug is placed into the drain throat of the grinder. In the pushed position, it functions as a plug, just pull it up and it functions as a strainer. It does not require a inserted cuff for its operation.

COMPATIBILITY

The plug is designed for the necks of 3 Bolt Mount Ø 85mm EcoMaster EVO3 disposers, or other InSinkErator, Wave, etc.

WARNING

It is not intended for 76.5mm E-Z Mount throats, EcoMaster PLUS series, or 78.5mm throats of all AMC (Anaheim Manufacturing Company) models, such as Waste King, Bone Crusher, Commander, Sinkmaster, Waste Maid, Waste Master, Whilraway, General, etc.
