The brand **Granisil** represents a mark of high quality and luxurious design. Granisil sinks contain over 80% granite and quartz. Thanks to the presence of natural stone, it is a very durable material. Granisil is completely safe for contact with food.

The **Granisil Eldos 485 sink** with its simple and minimalist details will fit into both modern and rustic kitchens. Since this sink does not have a draining area, it saves space on the kitchen counter. An ideal sink model for smaller kitchens.

The Eldos 485 sink, which features a **spacious and deep (19 cm) basin**. Where you can easily wash dishes of larger dimensions such as bulky pots or baking trays. The back surface of the sink allows for the installation of a kitchen faucet, an embedded soap dispenser, or a button for controlling the garbage disposal. The sink is intended for top mounting. The slightly rounded edges of the sink facilitate cleaning and maintenance. Inside the basin, there is a so-called hidden elegant overflow, which prevents any potential water overflow over the sink.

The package of the sink includes a **space-saving siphon** that saves space under the sink in the cabinet. Thanks to this, you can place, for example, a bin for sorted waste under the sink. The included siphon also has the option of being connected to a dishwasher or washing machine.

Granisil sinks are produced using innovative technology **NANO Granite**, which makes the products resistant to high temperatures, impacts, thermal shocks, scratches, and stains. The high quality of materials and perfect craftsmanship guarantee a long lifespan of the sink. That is why Granisil sinks come with a 10-year warranty. Granisil sinks are made from the highest quality blend of granite aggregate (80%) and resin (20%).

Key features of the GRANISIL ELDOS 485 kitchen sink

- granite kitchen sink without a drainer in black color
- Eldos 485 has an extended 10-year warranty.
- ideal model of a sink for smaller kitchens
