Key features of the SCHÜTTE MOSAIK GRAU toilet seat

- Toilet seat for all standard-sized WC bowls.
- The double soft-close mechanism ensures that the toilet seat closes slowly and quietly
- Thanks to the Duroplast material, which is extremely resistant to breakage and scratching, the toilet seat is particularly durable.
- Thanks to the smooth surface with pores, the toilet seat is particularly easy to maintain and clean.
- It includes complete assembly materials for quick and easy installation of the toilet seat.

Duroplast

The toilet seat is made of Duroplast composite material. Exceptional strength and durability are ensured thanks to the combination of thermosetting plastic and fibers.

SOFT-CLOSE

The toilet seat is equipped with a SOFT-CLOSE system. When lowered, the seat smoothly descends without any risk of damage or unwanted noise. Ideal not only for families with children.

Easy installation

The assembly is very simple, with the help of the attached instructions, anyone can do it in 5 minutes.

BRUCHFESTER & KRATZFEST
Duro-plast

DUROPLAST
Duroplast PVC-Glase werden im Pressverfahren hergestellt. Das extreme Härte- und hohe durchgehende Materialschicht macht die Oberfläche kratz- und abriebresistent. Die glatte Oberfläche macht die Pflege leicht.

LANGDAUER & LEISE

ANGEBOTAUTOMATIK
Das Besondere hier gibt die innovative Abenker-Konstruktion. Ein Befehl, dem man sich nicht wider setzen kann, ist die automatische Abenkerfunktion. Auch bei allen PVC-Glase im Rahmen der Duroplast-Produktion werden alle Teile durch den Einsatz von selbst- und schweißschmelzenden Kunststoffen hergestellt.
