The luxurious European premium brand **Villeroy & Boch** dates back to 1748. It is represented in more than 125 countries worldwide with its products. Villeroy & Boch is an innovative company with a long tradition - it is one of the most important brands in Germany, Europe, and the world. As a ceramics manufacturer, it has evolved into an international lifestyle brand.

We classify the timeless **double-sink Double 895.2** from the brand Villeroy & Boch as a so-called farmhouse sink. The sink gives a luxurious and at the same time minimalist impression. The sink will look great not only in a modern kitchen but also in kitchens in the so-called Provence style or Hugge style. With its simple impression, it will fit into any environment.

We classify Villeroy & Boch Double 895.2 as a **modular sink**. This means that it is not fixed to the countertop. It is mounted directly onto the installation cabinet, and the countertop is either attached to the sink from both sides or overlaps the edges of the sink from the top. Modular sinks are recommended to be installed with countertops made of non-absorbent material. If a solid wood countertop is to be used, care must be taken to ensure quality impregnation of the edges of the cutouts in the countertop.

The Double 895.2 sink offers **two spacious large washing chambers**, which are deep enough for washing bulky baking sheets. In the rear part of the sink, there is a small drip tray for smaller dishes and a small bowl with a plastic sieve, for example, for a dish sponge or can be used for defrosting fruit or vegetables.

The advantage of a ceramic sink is its **easy maintenance** and color stability. Even long-term exposure to sunlight or even aggressive materials will not change the color or surface of the sink. The surface of the **Villeroy & Boch Double 895.2** is treated with the **CeramicPlus** system. This means that the sealed non-porous ceramic surface prevents dirt, cooking waste, and unsightly limescale from accumulating on your kitchen sink. The time spent in the kitchen will therefore become a real pleasure.

Key features of the VILLEROY & BOCH DOUBLE 895.2 kitchen sink (Double-bowl Sink 632391)

- white ceramic double sink
- Double 895.2 has an extended warranty of 5 years.
- an ideal choice not only for modern kitchens, but also for kitchens in the Provence style
- We categorize the sink as modular sinks.
- sufficiently deep sink bowls (19 cm)
- Original and luxurious design
- high-quality ceramic sink made from 100% natural materials
- traditional craftsmanship, supported by 270 years of ceramic experience
- Thanks to CeramicPlus, it is easily maintained in cleanliness.

A ceramic sink is fired in kilns and the glaze is applied by hand, making each piece unique. It is necessary to take into account a tolerance of +/- 1-1.5 cm in dimensions. We recommend having the sink physically available for the realization of the kitchen counter.

Note: The eccentric drain control is not included with the sink, images are for illustration purposes only.

Parts of the packaging:

- Sifon
- Release.
- Plastic net/dish.
